GOVERNANCE AND ADMINISTRATION BOARD

ARC Ratings (UK) Limited's board of directors is responsible for setting the standards, processes and structures necessary for implementing internal controls across ARC Ratings. The governance structure ensures that ARC Ratings' credit rating activities are conducted in compliance with the CRA Regulation, applicable laws and ARC Ratings' Manual of Organisation and Code of Conduct.

The board incorporates two independent non-executive directors, who are responsible for monitoring the compliance of ARC Ratings' internal controls and functions in line with CRA regulation, overseeing the development of new and reviewed methodologies, conflicts of interest and credit rating activities.

INTERNAL REVIEW FUNCTION

The Internal Review Function is in accordance with Point 9 Annex I of the Regulation and is "responsible for periodically reviewing its methodologies, models and key rating assumptions, such as mathematical or correlation assumptions, and any significant changes or modifications thereto as well as the appropriateness of those methodologies, models and key rating assumptions where they are used or intended to be used for the assessment of new financial instruments".

INTERNAL RATINGS AUDITOR

The Internal Ratings Auditor (IRA) is independent from both ARC Ratings' analytical ratings and commercial departments. The Internal Ratings Auditor works alongside the Compliance Department, but is focused on the technical ratings aspects (as opposed to the Compliance Department's focus on regulatory aspects).

The role of the Internal Ratings Auditor is to provide the Board with independent feedback regarding whether the technical quality of ARC Ratings rating's analysis is in line with best international practice. The IRA chairs the Internal Review Committee (IRC) who approves the proposals of the review or new methodologies, models and key rating assumptions that are used in the credit rating process and presents this to the Board Criteria Review Committee (BCRC).

THE BOARD CRITERIA REVIEW COMMITTEE

The Board Criteria Review Committee integrates the Independent Directors from all ARC Ratings' subsidiaries and ARC Ratings' Internal Ratings Auditor, who together will have the responsibility for the final sign-off of any new or reviewed ARC Ratings' methodologies.

The Board Criteria Review Committee aims to ensure the independence of the approval of ARC Rating's methodologies from any commercial interest of the Group and, at the same time, ensure that the same methodologies are applied consistently in all ARC Ratings' subsidiaries.

METHODOLOGY REVIEW PROCESS

The development and review of methodologies is carried out under the supervision of the Board Criteria Review Committee, with the support of the Internal Review Committee as set out within the ARC Ratings' Manual of Organisation and Code of Conduct.

COMPLIANCE

The Compliance Department's main role is to ensure that ARC Ratings' comply with all the regulatory demands of the jurisdiction where it is based. It provides training for all staff on any new and existing regulatory updates, as well as ARC Ratings' Manual of Organisation and Code of Conduct, so as to ensure adherence to the written policies and procedures.

The Compliance Department supervises the current activity of ARC Ratings' in all its various aspects, through the implementation of a "Compliance Work Plan" which enables the monitoring of analytical process, reporting of breaches, monitoring adherence to all other internal policies and where necessary updating upon regulatory changes.

Compliance will oversee that all endorsed ratings are compliant with the ARC Ratings' internal processes and procedures.

CONFLICTS OF INTEREST

ARC Ratings (UK) Limited has strong internal policies in place to eliminate conflicts of interest. Inter alia, each year all staff members sign Declaration of Interests forms, whereby Compliance keeps a centralised list and will cross reference to new and existing transactions. All staff adhere to the rules set out within the Code of conduct, ensuring ARC Ratings' Independence and the avoidance of Conflicts of Interest.

RISK MANAGEMENT AND REPORTING

It is the responsibility of the Internal Risk Committee to report on risk strategy, including the oversight of current risk exposures within ARC Ratings', to understand, question and measure the full spectrum of risks faced (be they operational, methodological, reputational or financial) and put timely action plans in place to eliminate or manage such risks as and when they occur, as well as to create an effective risk management framework and also embed a risk-focused culture across the whole of the organisation. All risks are reported to the Board.

CREDIT RATING PROCESS

ARC Ratings' credit rating activities are conducted in compliance with the CRA Regulation and applicable laws. They follow the procedures set out within the ARC Ratings' Manual of Organisation and Code of Conduct, whereby rules are defined on the rating panel composition, approval processes and the level of documentation required to conduct a credit rating.

ARC RATINGS CODE OF CONDUCT

ARC Ratings' Code of Conduct reflects the measures, procedures and guiding principles followed by ARC Ratings' subsidiaries that assign credit ratings under the brand name "ARC Ratings".

This Code of Conduct applies to ARC Ratings', to all its employees, and to all persons and entities that provide services to ARC Ratings and which, by reason of that provision of services, may have access to confidential information held by ARC Ratings (UK) Limited.
